TORNADOES SWEEP OVER THREE STATES.

Many Dead, Great Property Damage in Kansas, Missouri and Oklahoma.

Town of Hollis Wiped Out and Scores Are Injured. Wires Prostrated—Rains Threaten Crops—Passenger Train Goes Through Open Bridge and Several Lives Are Lost.

[BY DIRECT WIRE TO THE TIMES.]
TOPEKA (Kan.) May 14.—[Exclusive Dispatch.] One week ago Kansas farmers were praying for rain to save their famished crops. Now they are alarmed over threatened floods, and especially the farmers of the river valleys. Topeka received a two-inch rainfall today. Rains which varied in precipitation were reported over the greater part of Central and Southern Kansas, and a few scattering showers in the northern part of the State. The Santa Fe reports heavy rains over the Panhandle division, which includes all of the Santa Fe line south of Wichita from Newton to Arkansas City. A fall of a half inch was reported. From Strong City to Superior there were scattering showers. There was rain along the Southern Kansas division of the Santa Fe, Rock Island, and on the Colorado line in the vicinity of Belleville and Smith Center.

KANSAS CITY (Mo.) May 14.—[Exclusive Dispatch.] Tornadoes swept three States and killed ten to fifty persons late this afternoon.
Kansas, Missouri and Oklahoma suffered from one of the worst series of storms of the season, and with telegraph and telephone wires crippled, it is impossible to give details of the number of dead and the property damage.
The storms were accompanied with a heavy downfall of rain, and floods are threatening property in several places. Hailstones five inches in diameter fell in this city during the storm. Reports are constantly coming in of damage done, and lives lost, and it will be several days before a complete account of the storm can be obtained.

UNCLE JOE SHAKES FIST AT DR. OSLER.

Speaker Cannon in Address to Tuberculosis Congress Issues Defiant Which Brings Smile in Reply. Harks Back to Old Times.

[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, May 14.—Speaker Cannon is not a bit afraid of Dr. Osler and his old-age theory. He told Dr. Osler so today during an address before the National Association for the Study and Prevention of Tuberculosis.
"Dr. Osler, I have reached the age of 71, and I shake my fist in your face," he said.
Dr. Osler laughed heartily at this.
The speaker harked back to the days of his childhood when bathtubs were almost unheard of, and the snow would sift in and cover those lying in bed.
"We had plenty of fresh air then on the Wabash and everywhere on the frontier before the railroads," he said.
Mr. Cannon favored more playgrounds for children, but urged that the legislature be dealt with gently if he did not do everything wanted of him.
Dr. Osler in his address said tuberculosis no longer was a problem of the doctors, and it probably would take two or three generations to reduce its ravages to the present rate of typhoid.
Dr. Osler congratulated the association on having awakened the public, Legislatures, philanthropists and physicians.
THREE THINGS TO DO.
Three things remained to be done, said Dr. Osler. The first was to keep the public awake, the second to obtain more money and the third to arouse the interest of more men and women, because the campaign was no longer one entirely for the doctors.
"Whether tuberculosis will be finally eradicated," he declared, "is ever an open question, but when we think of what has been done in one generation, the mortality in many places has been reduced more than 50 per cent.—indeed in some places 100 per cent.—it is a battle of hope, with victory in sight."
That there is a tendency to overrate the danger to children from milk from tuberculous cattle was the decided view expressed by other speakers. The subject was exhaustively treated in a joint paper by Doctors

JAPAN ALSO GOING INSANE.

Advancing Civilization and Struggle for Existence Responsible.

[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, May 14.—[Exclusive Dispatch.] Advancing civilization is bringing increased insanity in Japan, according to Dr. K. Saito, director of the Aojama Hospital for the Insane at Tokyo. Dr. Saito is a guest at the Congress Hotel.
"Fifty years ago," he said today, "insanity in Japan was very rare. Thirty years ago it began to increase, and after the Chino-Japanese War there was a further increase. The increase was even more marked after the war with Russia. I believe that as civilization advances in Japan insanity becomes more common, due to the struggle for existence."
Dr. Saito is making a tour of the world, inspecting hospitals for the insane. He will visit the asylums at Kankakee, Dunning and Elgin.

HORSE ON KING.

EDWARD'S GIFT TO ESULTAN RETURNS.

SPOTTED STEED IS LOST IN THE SHUFFLE.

Abdul Intent on Saving His Skin Causes British Monarch's Present to Go Unnoticed and New Animal Is Back in England—Once Property of Dick Croker.

BY DIRECT WIRE TO THE TIMES.]

LONDON, May 14.—[Exclusive Dispatch.] King Edward's friends have the laugh on him over the curiously spotted horse, once the property of Richard Croker, which the King went to such pains to get in London to present it to Abdul Hamid, since deceased as Sultan of Turkey.
The horse, after an intention to be sent to Constantinople, during which no one could be found to take charge of him, is now back in the royal man at Buckingham Palace. The King is angry over the affair, and no one dares mention it in his presence.
Unfortunately, the horse arrived at the time when Abdul's troubles began. The British Ambassador at Constantinople got him a stable, and an intention was sent to the Tildis Kiosk that the horse had arrived, but Abdul had other things to think of then and he forgot that he ever wanted a spotted horse. Pourparlers ensued between the British Ambassador and the Turkish Ministers about the spotted horse, but Abdul and his palace favorites were more intent upon saving their own skins.
When the groom in charge heard that the Young Turks were marching on Constantinople he set out for London immediately.
There being no use for a spotted horse at the British royal palace, King Edward is looking about for some other potentate with a taste for a steed of that kind.

SPENDS DAY WITH FRIENDS ON A MUD FLAT.

Miss Helen Taft, daughter of President, whose yachting trip on Delaware River yesterday was spoiled by erratic boat and wind.

BY DIRECT WIRE TO THE TIMES.]

HELEN TAFT ON YACHT STUCK ON MUD FLAT.

[BY DIRECT WIRE TO THE TIMES.]

CHESTER (Pa.) May 14.—[Exclusive Dispatch.] Accompanied by twenty classmates from Bryn Mawr College, Miss Helen Taft, daughter of the President, came to Chester this morning as the guest of Dr. Thomas Cook Steiweg and his daughter, Miss Nannie Steiweg, and Dr. Steiweg's niece of Baltimore, Md., the latter Miss Steiweg being a classmate of Miss Taft.
The object of the party coming to Chester was to embark from the clubhouse of the Alpha Boat Club aboard Dr. Steiweg's yacht Beatrice for a cruise on the Delaware River.
Instead, the party spent the day stuck on a mud flat.
After leaving her moorings the Beatrice grew whimsical. She started off well, but a short distance from the shore was struck on her broadside by a northeast wind. Before the man at the helm could bring the boat's end to the breeze, which quickly increased to a gale, the yacht was driven upon the flats just below the Market-street wharfs, and there she stuck until 5 o'clock this afternoon.
When the high tide arrived at 5 o'clock Miss Taft and a few friends disembarked.

TRAGIC END.

RICH FRUIT PACKER KILLED UNDER AUTO.

[BY DIRECT WIRE TO THE TIMES.]

WATSONVILLE, May 14.—[Exclusive Dispatch.] Percy W. Morse, one of the wealthiest and most prominent fruit packers in this section of the State, and formerly field superintendent for Claus Spreckels, was killed about twelve miles from this city this afternoon, when an automobile which he was driving overturned on a mountain road and pinned him beneath the machine.
Morse was endeavoring to turn a sharp curve on the road, and in doing so almost ran the automobile over an embankment. On trying to straighten out his machine the front axle broke and Morse was precipitated to the ground, with the heavy automobile on top.
The accident was witnessed by near-by farm hands, who affricated Morse from his position and telephoned for assistance to Salinas. Later Morse was removed to the James Bardin Hospital in that city, but at 5 o'clock this afternoon he passed away, with his bride of eight months at the bedside, she having hastened to Salinas in an automobile.
Morse arrived a few years ago in Watsonville as a common laborer, and by his own efforts became one of the city's most honored citizens. Besides his bride, he left no relatives in this city, others residing in England.

MOTHER-IN-LAW.

BITES WIFE IN PLAY; HUSBAND IS JAILED.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND, May 14.—[Exclusive Dispatch.] Breaking into choking sobs while on trial for mistreating his 16-year-old wife, William Longue-man, aged 24, today charged that the whole cause of his domestic unhappiness lay in the meddling of his mother-in-law, Mrs. Sylvia Brown of Los Angeles.
Despairing of getting his wife away from the influence of her mother, young Longue-man told frankly of having tried to end his life by swallowing twelve capsules of carbolic acid last Monday night. But his wife called a doctor hurriedly and emetics were applied successfully. The fact that he cared his wife roughly, while in a playful mood, was the basis of the action against Longue-man. He swore that he wouldn't mistreat or harm his wife under any circumstances.
His wife, Mrs. Maud Brown Longue-man, said she believed him. He was just playing, she said, and being big and rough, hurt her. It was her mother who took the incident up and caused her to file charges. Questioned further, Mrs. Longue-man said her husband had done the alleged injury by playfully biting her, his teeth leaving a red mark on her cheek.
While he considered that Longue-man was the offended party rather than the offender, Justice of the Peace Olson made a most unusual ruling in the case. He sent Longue-man to jail for fear he might harm his mother-in-law. In face of the young man's desperate mood, Justice Olson saw the combination from which tragedies are brewed.
Longue-man tried to kill himself and he might next attempt to remove the cause of his grievances, the court argued. So, in view of Longue-man's frame of mind, he had him sent to the county jail. Later, it is understood, the young man will be given freedom. The Longue-mans were married in Los Angeles two years ago. They came here recently and Mrs. Brown followed.

MAY OPEN RESERVATIONS.

Land Office Said to Be Considering Three Tracts of Large Extent.

[ASSOCIATED PRESS NIGHT REPORT.]

MISSEVILLE (Mont.) May 14.—Under a Washington date line the Missoulian says that at a conference of officials of the General Land Office, a tentative scheme was decided upon for the registration and opening of the Flathead reservation in Montana. The reservation is 2,000,000 acres. The registration period probably will begin July 10 and end on August 15. At the close of registration the drawing for numbers will take place for all three reservations at Coeur d'Alene City.
While the settlers will not be compelled to make actual entry on the lands before next spring, the lucky persons will be notified late in August or early in September. This will give full opportunity for eastern settlers.

DANGER.

THREATEN REVOLT.

Postal Strikers Are Desperate.

Call on Dangerous Workmen's Unions to Aid in the Fight.

Big Scare Is Caused in Paris But Leaders Suspected of Bluffing.

Frightened Employees Desist Syndicate and Return to Work.

[BY DIRECT WIRE TO THE TIMES.]

PARIS, May 14.—[Exclusive Dispatch.] The strike of postal employees is practically a diam failure. Hundreds of employees are reporting back for work, and the government, backed by undoubted public approval, is much stronger by virtue of the showing of hands.
The strikers adopted resolutions a meeting today appealing to the workmen's organization to make common cause with them.
The meeting was attended by representatives of the workmen, who delivered inflammatory speeches, prosed the postal employees' immediate support, and threatened, if successful, to place themselves under the revolutionary General Federation of Labor. These threats produced a big scare, but there is strong suspicion here that the leaders in the movement are bluffing.

VOICE OF COUNTRY.

Disorder in the Chamber of Deputies yesterday meant nothing more than that, seeing the day's battle attempted, beforehand, the revolutionists, held on by a few other noisy elements, stated as much confusion as possible because it at least gave them an opportunity to change the battle by of their hoped-for republic.
In spite of the sensational account of yesterday's uproar, the significance of the day lies altogether elsewhere. It is the expression of a large and powerful voice in favor of the government's actions against the rebellious deeds of the leading strikers, the character of which was only lessening to the unmitigated voice of the country.
On the other hand, labor organizations all over France were waiting for the voice of the chamber, a now that it has been heard in no a biguous tones these bodies are determined to confine themselves to plain expressions of public sympathy with the State employees in the post a telegraphic department. Of offering money or intended help no more heard nor will be for some time. The probability is, therefore, that the postal strike soon will be over.

ORATORS VILIFYING.

The strikers' orators now are vying their comrades for not "coming out" in sufficiently large numbers. Their comrades reply that they will not leave their homes for fear of what might happen to them on the street. The orators also anathematize women employees who decided not to risk their situations a second time. "This is when comes of hiring work in men's places," declare the orators, who certainly have themselves irrevocably lost their situations. The matter, however, lies deeper than the question of the present strike. It is the best judges are mistaken. A debate just finished disposes of the question of the right of state employees to form a union with the object of protecting themselves against the state considered as an employer. At least one of the dreams of a new labor order in this country, therefore, has come to nothing.

AGITATORS TRYING TO STICK.

The strike of the postmen itself a parently has lost ground. The rank and file of the men seemingly are convinced that the agitators are acting for the personal end and are not for revolutionary proletarian organizations. They hesitate to risk losing their permanent situations and pensions.
At Chartiers and Dijon today strikers, in view of the attitude taken by Parliament, voted to return to work. The government officials say a movement is collapsing, and point out that only 4,000 of the 300,000 railway men whose support was pledged to strikers today by M. Gueraud, belong to the union, and that these men are mostly track men and artisans employed in the shops.
It is reported tonight the strikers are cutting wires. This afternoon's meeting was attended by 300 strikers, delegates from various unions. Striker leaders charged that the military precautions taken by the government proved that it was intended to drown the strike movement in blood. They favored a direct appeal to the workmen's unions for coöperation, and amid great enthusiasm strikers voted unanimously for an alliance with the workmen, "with all consequences."

REVOLUTION HOPED FOR.

It was declared that the movement had arrived for a solid revolutionary movement under the direction of the General Federation of Labor.
The revolution, as passed, placed the postal employees and the workmen's organization would unite for battle to the death, "in order to obtain liberty of thought and speech."

WOULD REVISE OIL LOCATION.

Recent Method of Filing Is
Unsatisfactory.

Smith's Bill May Go Back to
Next Congress.

Plan Similar to Homestead
Is Proposed.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, May 14.—(Exclusive Dispatch.) The Interior Department is planning to make a change in the law relating to the location of oil lands and it will probably endeavor next winter to have Congress pass Smith's bill which passed the House at the end of the session and died in the Senate.

The bill introduced by Senator Smith, which was reported out last winter on account of the opposition of the Senate, was the subject of a hearing before the subcommittee on the Interior, which was held in the Senate chamber on May 11.

Senator Lange, chief of the field division, has been transferred from San Francisco to Washington, where he will serve as assistant to the general manager of the Interior Department. He has been succeeded by Mr. Oscar Lange, chief of the field division, who has been transferred from San Francisco to Washington, where he will serve as assistant to the general manager of the Interior Department.

The law demands that there must be development of the mineral on lands on and as oil is not often found on the surface it has become a practice to locate for some other mineral, frequently gypsum. This evasion is well known, but the department would like to see the law changed so that the oil prospectors could develop without danger of losing their lands.

Under Smith's bill, which has the approval of Commissioner Dennett, it may be taken up in the same manner as under homestead entry, the miner being required to pay \$5 cents a day down and having the privilege of selling the land within a year. It can show development. Nothing can be done until the regular session, Smith and Flint hope to get the bill through quickly when Congress convenes in December.

EVIDENCE IN

TATE CLOSES CASE OF THE THREE REBELS.

(BY DIRECT WIRE TO THE TIMES.)

OMISTONE (Ariz.) May 14.—(Exclusive Dispatch.) Antonio Vasquez, star witness for the government in the trial of the alleged Mexican revolutionists, was on the witness stand today. Vasquez is a member of the junta which is said to have planned the overthrow of Diaz.

He was arrested by the Arizona Rangers in their raid on the headquarters of the junta at Douglas, Ariz. He identified several letters of an incriminating nature against the defendants before leaving the stand. He is recalled later. Vasquez is a slight-looking Mexican, about 21, speaks English fluently.

He gave their names. Upon cross-examination he became confused and contradicted several statements made by him at the hearing in Los Angeles. Ranger Hopkins, who took part in the raid on the quarters of the alleged revolutionists in Douglas, in September, 1904, partially identified several flags, some dynamite and caps. One of the flags, white, bore the letters, "Reform, Liberty, Justice."

Upon the letters which the men under arrest wrote, the government attorneys have been positively identified, the government places its greatest dependence for conviction. It was positively asserted tonight that within the next twenty-four hours sensational developments, the nature of which have been made known to but few, will take place.

WELLESLEY PRESIDENT ILL.

Miss Caroline Hazard, Now at Santa Barbara, May Be Forced to Resign.

(BY DIRECT WIRE TO THE TIMES.)
WELLESLEY (Mass.) May 14.—(Exclusive Dispatch.) That Miss Caroline Hazard, president of Wellesley College, will be forced to resign before the end of the academic year, is feared at the college. News from Santa Barbara, Cal., regarding Miss Hazard's health is far from reassuring, and her physician advises her not to resume active work.

Miss Hazard became president of Wellesley College in 1928, succeeding Miss Julia J. Irvine. During her absence her position in Wellesley has been filled by Miss Ellen F. Pendleton, dean of the college.

MINERS DEFEND DEAL.

Promoters Introduce Witnesses to Prove That "Two Queens" Had Apparent Value.

(ASSOCIATED PRESS NIGHT REPORT.)
KANSAS CITY, May 14.—Testimony of the defense was introduced today in the case of the government against the Horn brothers, Raymond P. May and R. H. Snider, charged with using the mails to defraud in promoting an Arizona mine. The first evidence introduced by the defense was the deposition of C. G. Werner, a practical miner of Arizona, who was vice-president and director of the first company organized to develop the mine.

The defense asserts that it was upon the representations of Mr. Werner as to the value of the mine that they were induced to become interested in it. Mr. Werner's deposition, which was read aloud in Phoenix, Ariz., a circular was read, alleged to have been sent from Mr. Werner, the contents of which indicated that the mine contained valuable ore.

A deposition given at Los Angeles by E. L. Peery, an assayer of that city, stated that assays of ore from the Two Queens mine, examined by him, showed a range of value from \$27 to \$7000 per ton.

John E. Horn, 22 years old, testified later in his own defense. He said he had bought 75,000 shares of the Two Queens merely as an investment and was not connected with his brothers in a business way.

"You organized the Keystone Investment Company, capitalised at \$10,000. What other men are interested in that?" he was asked.

"I am the whole thing," replied Horn. "My father holds one share and my wife holds one."

TORNADO.

(Continued From First Page.)

Windstorm slightly injured four persons and unroofed several houses. A blinding rain and hailstorm accompanied the wind in all three States. Many washouts, demoralized railroad traffic.

The Missouri Pacific main line was washed out near Valcott, between Leavenworth and Kansas City. The Burlington and Santa Fe were forced to annul some of their trains.

MEAGER REPORTS.
Electrical disturbances crippled telegraph and telephone wires and on this account only meager reports from the storm-swept areas could be obtained.

Many were injured in the storm which swept Mount Washington and Fairmont Park, suburbs of Kansas City.

A heavy wind, accompanied by rain and hail, prevailed throughout Kansas City. Much minor damage was done, and traffic of all kinds seriously interfered with.

West passenger train No. 9 ran through an open bridge into Bull Creek near Randolph, twenty miles east of here, tonight. The engine, baggage and mail cars fell into the water.

A telephone message from Randolph said several trainmen were missing, but that no bodies had been found.

BRIDGE WASHED OUT.
The accident was caused by a washout. The Washburn offices here reported their advices showed several injured, but that no names were available.

A relief train with doctors and supplies left Kansas City at midnight. It was expected it would reach the wreck about 2 o'clock.

Heavy rains laid today so weakened the bridge pilings that they would not support the weight of the train. The train was running slowly, and none of the passenger coaches went through.

The train left St. Louis at 2:30 o'clock this afternoon, and was due here at 9:25 tonight, and was to have left for San Francisco at 11:15 p.m. over the Union Pacific tracks.

Randolph, near which the wreck occurred, is only a small country town, and there are no facilities for caring for the injured. Arrangements were made to bring them to Kansas City.

Henry Goodale of St. Joseph, Mo., was fatally burned and his son Thomas was badly injured by an explosion of gas caused by lightning during the worst electric storm of the year. In South and East St. Joseph large areas are under water. Train service was crippled on account of the flood.

The tornado, followed by a deluge of rain, did much damage north of Enid, Okla. The Santa Fe, Rock Island and St. Louis and San Francisco tracks were washed out for a considerable distance.

OUT WITHOUT HONOR.
Deputy City Prosecuting Attorney Seymour, Private, Discharged from National Guard.

By unanimous vote of Co. A, Seventh Regiment, and on recommendation of the company commander, Capt. Copp, Private Joseph F. Seymour, Deputy City Prosecuting Attorney, has been discharged without honor from the California National Guard. This means that he is ineligible to enlist in or hold a commission in the National Guard or the army unless pardoned by the Governor.

The reasons assigned by Capt. Copp for Seymour's discharge are non-attendance on drills, and general indifference to company affairs. According to the captain, he attended only six out of fifty-two drills, and though offered every opportunity to "make good," he failed in his efforts.

"It is this sort of thing continued, the company would go to pieces," said Capt. Copp yesterday. The discharge is in line with the efforts of the officers of the regiment to raise the level of the command's discipline.

Seymour, nothing of his discharge, and that if such an order was issued it was due to a misunderstanding. He said he has been North for his health on orders from the company doctor, and assigned that as his reason for failure to attend drills.

He has been visiting in Sacramento and neighboring cities, and but lately returned to his duties in the City Prosecuting office. He expressed his intention to apply for reinstatement as soon as his health will permit.

JAPANESE BEATEN.
NEW YORK, May 14.—Funaabiki Lenkichi, a Japanese restaurant keeper, was badly beaten by a crowd near the Grand Central Station today.

The trouble started in a subway car, when a white man refused to allow the Japanese to occupy a seat with him. When the two left the car hot words passed, and a fight followed. A crowd gathered to see the fight, and the Japanese was badly beaten. The Japanese was arrested on the other man's complaint.

SEYMOUR IN AWKWARD FIX.

Deputy Prosecutor Is Facing
Grace Charge.

Accused by Police Sergeant
of Shielding Jailer.

Investigation Follows Raid
on the Manhattan.

Chief of Police Dismantled yesterday an investigation of rumors that the Manhattan case at the night of May 5, officers allowed a man and woman to escape. It is said that the man was Assistant Jailer E. N. Sanders.

The chief was informed that Jim Sanders and W. E. Sanders, managers of the Manhattan, intend to make this escape Monday night, when the Police Commission will ask them to show cause why their liquor license should not be revoked.

The raid was headed by Deputy City Attorney Joseph F. Sey-
mour, Jr., acting for Prosecutor Eddie, and Police Sergeant Dan Long, who had with them half-a-dozen bluecoats and plain-clothes men. A dozen guests of the resort were rounded up and taken to Central Station. Their names were recorded and, after being informed that they might be called as witnesses, they were released. All employees of the place were held under arrest on the charge of having violated the liquor ordinance.

The managers, it is said, will furnish proof that "Policeman Sanders was in one of the rooms with a woman and that they alone were allowed to escape. It will also be shown, it is stated, that neither the name of Sanders nor that of the woman appeared in the list of witnesses secured by the police.

Because Sanders and the woman were not arrested, as is alleged, the Manhattan's managers will charge that the raid was not made in good faith, and was in the nature of persecution. The chief of police said that he believed the managers' charges that the raid was not made in good faith, and was in the nature of persecution.

Seymour declared yesterday that he ordered the officers to detain every person found in the cafe; and that he instructed Sgt. Long to obtain a list of all the persons in the place, and that he did not give instructions to release any one. "Seymour or Long," the latter stated last night, before leaving Central Station, he was instructed by Capt. Dixon to detain every person found in the place. "Seymour or Long," the latter stated last night, before leaving Central Station, he was instructed by Capt. Dixon to detain every person found in the place.

RAY'S FAMILY AND HIMSELF.
Illinois Farmer Murders
Two Little Children,
Then Commits Suicide.

BY DIRECT WIRE TO THE TIMES.
MONTICELLO, (Ill.) May 14.—(Exclusive Dispatch.) Henry Williamson, a prosperous farmer, living two miles from this town, murdered his wife and two children and then committed suicide, early this morning. The cause of the tragedy is not known.

Williamson arose early and without thought to dress, got his revolver and shot his wife and children. He then turned on his two little children and shot them. After he had shot the children, he took a poker from a stove and killed himself over the head. Williamson poured the contents of the room and after he had laid the body of his wife and children on the floor, he fired a bullet into his brain.

Williamson's child was asleep in the room, but was not molested. Williamson left the room for the house after he had killed his family. He was found by a neighbor, who covered her head with a cloth when Williamson shot and pointed the pistol at the door. It is believed he failed to fire.

When he heard the shots and ran from the house, he extinguished the light and telephoned for help.

MAN THROWN DOWN CHUTE.

Workman in Sawmill, Beaten by
Companion, Is Saved by
Spoke.

(BY DIRECT WIRE TO THE TIMES.)
NEWPORT (Wash.) May 14.—(Exclusive Dispatch.) Beaten until almost unconscious and thrown into a chute 100 feet long, Peter Abelt, a workman in Appel Bros.' sawmill, had his life saved by a large spoke that caught him as he shot downward.

James Carry, partner of Abelt, was the assailant. After Abelt was completely at his mercy, Carry cast him into the chute, which would have plunged him into the river below. He was rescued by friends from where the spoke held him on the incline, and will recover, although badly injured.

Carry was captured, and today sentenced to pay a \$100 fine and imprisonment of three months.

missed murdering Mrs. W. W. Renshaw, student nurse, and is still at large. Armed men are scouring the country trying to find him.

It developed today that the highwayman had attempted to hold up Mrs. Willis Stevens, wife of a farmer at the same bridge where he shot at Mrs. Renshaw. He displayed no gun when confronting Mrs. Stevens and she whipped up her horse and drove by him, telling him her husband was following closely behind.

According to both women, the demeanor of the man was violent. It is believed he is either a desperate criminal or a maniac, and officers in the pursuing posse are ordered to be constantly prepared for possible battle.

POSTOFFICE ROBBERY.
NEAR NAVY YARD.
(ASSOCIATED PRESS DAY REPORT.)
SEATTLE, May 14.—The postoffice at Bremerton, Wash., situated in a building close to the Puget Sound navy yard, was entered last night by professional cracksmen, who drilled the safe and took away its strong box containing \$5000 worth of stamps, a diamond ring valued at \$250 and nearly \$200 in cash. The box, weighing 125 pounds, was hoisted carefully over the high wire screen of the office, and it is supposed was carried away to a launch in the water two blocks distant. At least two men worked on the safe, and it is presumed another was left in the launch.

FIVE FILIPINOS KILLED.
JIKIRI OUTLAW.
(ASSOCIATED PRESS DAY REPORT.)
MANILA, May 14.—Capt. Rhodes, commanding two troops of the Sixth Cavalry, struck a portion of the band of outlaws headed by Jikiri, near Zamboanga last Wednesday, and in a fight that followed, five of the natives were killed. One of these was Jambang, noted as a trusted lieutenant of Jikiri.

FILIPINOS HANGED.
MURDERED TEACHER.
(ASSOCIATED PRESS DAY REPORT.)
MANILA, May 14.—Antonio and Lucio Alides, who were convicted of the murder of Anna Hahn, a school teacher, in the Batangas district, were hanged in Bilbilid prison this afternoon.

The execution was preceded by a crime, which was committed in January, 1908, had robbery for its object. The victim was hacked to pieces with bolos.

A strong effort was made to secure a commutation of the sentence, but Gov. Gen. Smith and Vice-Gov. Forbes declined to interfere.

CRIME BRIEFS.
MURDER JURY, Suicide.
UNION CITY (Tenn.) May 14.—Mansfield Haroldson, a prominent farmer, living north of this place, committed suicide last night. He was one of the jurors who tried the eight night riders last January, six of whom were sentenced to be hanged, and it is said that worry over that trial unbalanced his mind.

Dead Mute Murdered.
OAKLAND, May 14.—William H. Winslow, the deaf mute rancher of Pleasanton, whose skull was crushed by some unknown person with an axe at Sunset on night last week, died this morning at Providence Hospital from the effects of the injuries sustained.

MYSTERY ENSHROUDS MURDER OF RANCHER.

(BY DIRECT WIRE TO THE TIMES.)
FRESNO, May 14.—(Exclusive Dispatch.) Mystery shrouds the killing of G. A. Garbedagian, a prosperous raisin vineyardist of Oleaner, this county. The efforts of the officers to ascertain the identity of the man who fired the shot which dropped the Armenian rancher at his own door have so far proven fruitless.

The murdered man's wife alleges that between the time of the shooting and the moment the officers were notified, she was constantly with her husband, making efforts to stay the flow of blood and to bring him back to life. The woman was put through a rigid examination by the sheriff. Through it all, she maintained that her husband was shot down in cold blood while he was standing in the doorway of his home.

The fact that Garbedagian, as he stood in the doorway, must have been guided by a screen, and that the latter was not injured by the bullets, is regarded as significant. The officers also doubt that the man at the time he was struck could have been standing at the angle that his wife alleges he was.

The wife up to the present, and even during the time the officers were making their investigation, is alleged to have displayed but little emotion. She gave all the details of the affair asked for and was cool and collected throughout. The sheriff believes that both shots were fired from a second-story window of the ranch home.

Seniors Announce Wedding.
University of Illinois Students Married Last August at Portland.
Kept Secret.
(BY DIRECT WIRE TO THE TIMES.)
PORTLAND, May 14.—(Exclusive Dispatch.) George Brooks Thompson and Miss Eva Boile Saxon were students together at the University of Illinois. While learned professors were instilling into their minds high learning, in varied forms, another teacher suddenly burst himself with them both. This was Dan Cupid. He worked so much faster than the professors that his course was quickly completed, and pretty Miss Saxon promised to marry young Thompson. That was a year ago. Love did not run smoothly for the parents of both declared they must not wed until graduating day should come. To make matters worse the Saxons packed up and moved out to the Pease country in Washington and Miss Boile performed well.

Love found a way. By wire a tryout was arranged in Portland for August 1. Miss Saxon came to the city ostensibly to do some shopping. Thompson met her here. They sought a marriage

PAPKE-KELLY
BATTLE TODAY.
Both Pugs Reported to Be in
First-Class Shape.
Each One Is the Favorite in
Different Cities.
Winner May Meet Ketchel on
Early July Date.
ST. DIRECT WALK TO THE TIMES:
SAN FRANCISCO, May 14.—[Exclu-
sive Dispatch.] Tomorrow afternoon in
the Mission-street arena, Hugo Kelly,
the Chicago middleweight, and Billy
Papke, the Kansas Thunderbolt, will
engage in a forty-five-round battle en-
agement which will have consider-
able bearing upon the pugilistic cal-
endar, for if the victor disposes of his
opponent in clean-cut fashion, he will
be entitled to a match with Stanley
Ketchel. This should insure a sizzling
scrap, as both Kelly and Papke are
now than anxious to get a return
match with the Michigan fighter.
In view of the fact that Ketchel
is endeavoring to dictate to Pro-
moter Cuthbert whom he shall select as
his adversary after the Dick Hyland
contest, the Colima fighter is im-
pulsively at all friendly toward the Dane,
and if Kelly or Papke should win in
crucial effort, he will make a deter-
mined effort to arrange a match be-
tween the winner and Ketchel, to be
held here on Independence Day, side-
tracking Nelson, who seems to have
an inflated idea as to his value as a
drawing card.
However, if there was no prospect
for a match with Ketchel, the middle-
weight dislike each other so much
that the fans should be treated to a
scathing battle. Their three pre-
vious meetings have only failed to put
them on pins and needles in antici-
pation of the bout, and as each promises
to fight like a tiger from the initial tap
of the bell, the spectators certainly
should see a battle full of excitement.
GOOD CONDITION.
Harry Foley, who has handled Billy
Papke for this fight, reports his charge
to be in the pink of condition, and
states that Papke will surprise the
real sports who saw him when he
beat Ketchel. Foley says there is no
comparison between the Papke of now
and the Papke of last November.
Thinking that Papke was but a shadow
of his true self at that time, and was
slow as an ice wagon. He expects
Papke to show Kelly, as well as the
fans, a few things when it comes to
speed and punching, in the ring to-
morrow.
Frankie McDonald is just as encour-
aged regarding the Italian's condition.
He is about Papke, and looks
for Kelly to pick the Thunderbolt to
win before twenty rounds have
elapsed. McDonald says that Kelly is
the fast and clever for Papke and
that it is only a question of how much
the latter can assimilate the lesson
when the referee is given the job of
counting him out.
It depends upon where you are lo-
cated as to the odds you can get for
your coin. Here the price is even
money, and in New York Kelly is a
slight favorite. The reason for Kelly's
popularity in this city is because of
his whirlwind exhibition against Ket-
chel, and the fact that he is so clever
with such a good ring general.
Papke's sensational victory over Ket-
chel in Los Angeles accounts for his
popularity in the public circles in the south,
and in the East Kelly is considered
to be far too "classy" for the Illinois
Thunderbolt.
John Smith, the competent Oakland
official, will be the third man in the
ring. The middleweights are to box
following to the so-called "straight
rule" which permits hitting with one
arm free, provided neither man is hold-
ing, so the fans are assured of plenty
of action, because Smith will keep
them hard at it from going to zone.
Evans Beats Kelly.
EVANS (Ga.) May 14.—[Exclu-
sive Dispatch.] Young Evans, the
middleweight champion of the world,
beat New York in two and a half
miles here tonight. Referee Jenkins
the mill to save Kelly from a
more unmerciful beating. He was
knocked out and seemed gasped and will-
ing to leave the ring. Kelly was
effective and every one was
impressed.

PROMISING.
SUNDAY PROGRAMME
FOR BICYCLE RACES.
THREE professional bicycle races,
four amateur events, and a nov-
elty contest, are to be held at the
Fiesta Stadium, motor track tomor-
row afternoon. A three-cornered ten-
mile motor-paced race is to be the
feature of the meet, and the new at-
tractions will be a mile professional
handicap, and an amateur pursuit
race.
All the riders have been benefited by
the additional training in the bowl
this week and the races tomorrow
promise to be fast. Lawson and Sam-
uelson are the only riders that have
been placed at scratch in the mile
handicap and they will have to ride
furiously in order to overtake some
of the fast men who have a lead at
the start.
Agram, Duer and Senhouse will make
their first appearance in the ten-mile
motor-paced event. Samuelson and
Walker, who rode in this race last
Sunday have entered the other "pro"
races and will not ride in the paced
event. The ten-mile riders who are
to compete tomorrow expect to better
the time made by Samuelson last
week, as they have been training
daily for the last five days and are
following their pacemakers in perfect
form.
The amateur pursuit race will be an
elimination contest. Twelve men are
to start in this event and the race will
continue until one rider has overtaken
all the others.

Second and Salve third. There were
nine starters. August Belmont's Ryan

were unplaced. The Alexandra Hand-
icap of 300 sovereigns for three-year-
olds and upwards, distance six furl-
ongs, was won by Jack Simrad.
Among the seven starters was H. P.
Whitney's Baby Wolf.
Third in Prix Trial.
PARIS, May 14.—W. K. Vanderbilt's
Lillian was third in the Prix Trial, run
at Maisons Laiffie, today.
Ryan Resurrected.
SOUTH BEND (Ind.) May 14.—Word
has been received from Tommy Ryan
of Benton Harbor, Mich., that the
former middleweight champion will again
enter the ring and that his first chal-
lenge will be Stanley Ketchel. Ryan,
in sending word to South Bend, states
that he would not be ready to take
on a match before October, but by that
time will be in excellent condition.
SUICIDE SUSPECTED.
Body of Wealthy Clubman of San
Diego Is Found Floating in
the Bay.
[SPECIAL CORRESPONDENCE OF THE TIMES.]
SAN DIEGO, May 14.—The dead
body of George Pelton, a clubman of
this city, was found floating in the
bay this afternoon. His death is sup-
posed to have been a case of suicide,
inasmuch as Mr. Pelton is known to
have told friends that his sufferings
following a paralytic stroke, some
months ago, had been so acute that
he was frequently tempted to end them
by taking his life.
He is said to have been a native of
Illinois. He came here fourteen years
ago, and has lived on his means, which
are thought to have been considerable.
He was 62 years old.
BIG COAL COMBINE.
FAIRMONT (W. Va.) May 14.—Ar-
rangements were completed here today
for the formation of the Consolidated
Coal Company of Fairmont. It will
comprise the five big companies al-
ready operating here, the majority of
the stock of each company having been
owned by the Fairmont Coal Com-
pany. The capital of the new com-
pany will be \$40,000,000.

COBS

Nine Cobs in a bundle. It's a rough
looking bundle, an ordinary bundle, but the
cigars are not—they're smooth and delightful
—the richest, rarest four inches of tobacco
your teeth ever clutched. They burn evenly
—the same quality of tobacco that goes
into 10 cent cigars.

If they had bands on them they would cost
more. If they were well shaped they would
cost more. If they were prettily packed
they would cost more, but they're all tobacco
and nothing else. You just pay for a full
yard of ripe Havana leaf, without any imag-
ination or ornamentation. Everything that
counts is left in—everything that doesn't is
left out. That's why instead of paying 10
cents for one cigar, you can buy nine that
are as good for 15 cents.

FOR SALE EVERYWHERE.

While roller skating in the rink at No. 1215 East Twelfth street last evening, Mrs. W. H. Gardner of No. 916 Georgia street, fell and broke her right arm. She was taken to her home, where a fracture was reduced by Dr. E. H. Garrett.

Murphy Temperance Meeting.
William Murphy will conduct his regular temperance meeting in the Blanchard hall on Sunday evening. Mrs. Wayland Trask, daughter of the late Francis Murphy, will sing, and Maurice Kohler of New York will render a violin solo.

Glee Club Giving Concerts.
The University of Southern California Glee Club, thirty-one strong, is touring the Santa Fe system and giving concerts at all of the reading rooms established by that road. Last night the club appeared at Barstow and will work its way east to Chicago.

Jewelry Burglary.
Jewelry valued at \$100 was stolen from the home of Mrs. Charles Rolfe of No. 1345 East Adams street, Thursday afternoon, according to a report to the police yesterday. The burglar forced entrance through the back door and ransacked the house during the absence of the occupants.

Self-Destroyer Still Unknown.
The identity of the middle-aged man who committed suicide on an inbound train from San Pedro, Thursday night, by drinking carbolic acid, has not yet been learned. The body is at the Pierce morgue, where it will be held several days in the hope that some one will be found who can give information regarding relatives.

Seek Missing Lad.
Local police received a message from a "hit" man last night asking them to keep a lookout for a boy, who is a seven-year-old boy of that place, who has been missing since noon yesterday. At that time he left the school which he attends, and has not been seen since. The lad has dark complexion, blue eyes, and wears a blue bib overalls and a blue cap.

Money to Take Them.
A telegram received by the United States Marshal yesterday announced that money is on its way here to procure the attendance of Ralph Dominguez, Frank Henderson and Henry Henderson, witnesses at the trial of Magan, Villalaz and Rivera at Tombstone, Ariz. Several days ago, Dominguez, who is the Federal Court crier and official interpreter, received a summons to go to Tombstone. As the subpoena was issued by the defense, under the law he was not required to go until his witness fees and mileage had been advanced.

Scissors Stab Playmate.
Becoming angered at his companions while at play on Macy street last evening, Miguel Marmolito, 13 years old, threw a pair of scissors at Robert Varion, his chum of No. 2700 Macy street. The scissors points inflicted a deep wound in Varion's back. He was treated at the Receiving Hospital, fearing that he had seriously wounded Varion when he heard him fall, Marmolito ran into Chinatown and hid in a box car, where he was later found by police detectives. He was arrested on the charge of assault with a deadly weapon, and taken to the Detention House.

Discussing New Time Tables.
A meeting of divisions superintendents of the Santa Fe was held in this city yesterday and will be continued today, discussing the new time tables which will become effective June 1. BREVITIES.

To "Liner" Advertisers: Dating from June 1st, classified advertising in the Times will be charged by the word at the present established rate of 1c per word in the daily issue and 1 1/2c Sunday. Close calculations covering a period of several months develop the fact that the average number of words to the line are a fraction over seven. This basis for charge, therefore, will prevail after June 1st. Cash "want" advertisements have always been calculated by the word, and this regulation will not change the manner of handling it. The present "want" ad rate has been in effect for many years, though the circulation of the paper, more than 50,000 daily and 80,000 Sundays, has tripled during this period. No paper in the United States, rate considered, compares with the Times in "want" ad service. The Times-Mirror Company.

STUART FUNERAL TODAY.
Services for Former Secretary of the Associated Charities to Be Held in Alhambra.

Funeral services for Thomas J. Stuart, for many years and until two years ago secretary of the Associated Charities, will be held this afternoon at 2:30 o'clock in the First Methodist Church of Alhambra. Interment will be in the San Gabriel Cemetery.

Mr. Stuart had been identified with charity work in Los Angeles county for fourteen years. When he retired from the secretaryship, he had decided to spend the remainder of his life at his pretty little home in Alhambra.

The sudden letting go from the active duties of his position proved too much for him; he became nervous and fretful, and worried until he was sick. More than three weeks ago he left his bed at daybreak and going to the lawn in front of his home, he was found a short time later and removed from Alhambra to a South Pasadena hospital.

He never recovered from the injury, and his death had been expected for several days.

WILLIS FOR ASSISTANT.

State Senator Henry M. Ray Horton, to whom the place was originally offered, has declined to remain in the District Attorney's office.

STUART FUNERAL TODAY.
Services for Former Secretary of the Associated Charities to Be Held in Alhambra.

Funeral services for Thomas J. Stuart, for many years and until two years ago secretary of the Associated Charities, will be held this afternoon at 2:30 o'clock in the First Methodist Church of Alhambra. Interment will be in the San Gabriel Cemetery.

Mr. Stuart had been identified with charity work in Los Angeles county for fourteen years. When he retired from the secretaryship, he had decided to spend the remainder of his life at his pretty little home in Alhambra.

The sudden letting go from the active duties of his position proved too much for him; he became nervous and fretful, and worried until he was sick. More than three weeks ago he left his bed at daybreak and going to the lawn in front of his home, he was found a short time later and removed from Alhambra to a South Pasadena hospital.

He never recovered from the injury, and his death had been expected for several days.

WILLIS FOR ASSISTANT.
United States Attorney Will Appoint San Bernardino Senator, So Goes the Report.

State Senator Henry M. Willis of San Bernardino, former District Attorney of that county, is to be assistant United States Attorney, according to a report given out by his friends, which could not be verified last night. Willis is to be appointed by Mr. McCormick, it is understood, and has already moved to this city. G. Ray Horton, to whom the place was originally offered, has declined to remain in the District Attorney's office.

It's "Daddy's Day," that's coming
now. Dr. Burdette says that "father has
done things for him than bou-
quets," and that father has a mighty
share in the human family, and so he
announces "Daddy's Day," for next
Sunday.

His topic will be: "Mother's Hun-
dred, or the Prince Consort," and he

write "very man, woman and child
who has a father, and every father
who wants to hear something good
about himself" to have a seat in the
auditorium on Sunday evening.

Dr. Charles Edward Locke of the
First Methodist Church, took the same
line on last Sunday, and he too has
announced that he proposes to pay
tribute to "Daddy" on Sunday night.
His subject will be: "The American
Father, or What This Nation Owe to
the Fathers," and the choir will sing,
"Father, Give for Me," "I Shall I Look
After You," "The Latch of Father's
Door," "Hymns My Father Sang,"
and "We're All the World to Each
Other."

Both these services will attract
great crowds, and those who wish to
obtain seats will have to go early.

TO SING NEW SONG.

CHRIST CHURCH JUNIOR.
A feature of the musical service of
the Junior Choir, at Christ Episcopal
Church, on Sunday evening, will be
the first rendition of an unpublished
composition by Mrs. Lulu Skinner.
The title of the song is: "Fath-
er, Give for Me," and the soloist will be
Miss Hazel Landers, one of the bright
stars of the young choir, which has
recently advanced to a membership
of 100.

This song is the only one of Mrs.
Landers' compositions to which she has
written the words herself, and she
has written the words for the choir.
Mrs. Landers, director of the choir,
having heard it, requested that Miss
Landers be permitted to sing it on
Sunday evening. The words are by
Frank L. Stanton of the Atlanta
Constitution.

Dr. Baker P. Lee will take for the
topic of his address on Sunday evening,
"Righteous in Flower."

San Diego; Rev. G. H. Kersey, Los
Angeles; Rev. J. T. Touzeau, San Ga-

other persons will attend from
various parts of the assembly, and Dr. John

General Assembly, will preside. The
General Assembly was created
by the last general assembly and will
hold its first report at Denver. Its
function is to execute the will of the

RELIGIOUS BRIEFS.

MISSIONARY FROM EGYPT.
A. W. Pollock, a medical mission-
ary to Egypt, will speak at the First
Presbyterian Church on Sun-
day morning. Dr. Pollock's father

lives in Ontario, and he is home from
the foreign field on a furlough. His
subject will be, "The Double Cure in
the Land of Pharaoh."

this city, is assistant-superintendent
of the Oakland Mission.
Chaplain Wilson of the Soldiers'
Home will speak at the men's meeting
in the Y.M.C.A. on Sunday afternoon
at 2:30. There will be good music and
a social hour in the lobby, which will pre-
cede the meeting. All men, and es-
pecially strangers, are invited to spend
a pleasant afternoon at the association
building.
Miss Cora Tatham, general secretary,
will talk on the subject of the recent

tist Church, has returned from River-
side, where he has been conducting
special services in the new Baptist
Church, and will occupy his own pul-
pit both morning and evening. "The
Religion of the Future," will be his
morning topic, and "The Greatest
Blunder of My Life," that of the eve-
ning. Both are suggestive of live ser-
mons, and the latter possibly will cre-
ate curiosity in advance. Dr. Henry
is essentially an evangelist.

PROMISE GIVEN HARBOR TOWNS.

Merger Committee in Favor
of Both Projects.

Approves Improvement Plans
for Wilmington.

Also Docks and Warehouses
Outside San Pedro.

Immediate improvement of the inner
harbor at Wilmington, and the build-
ing of docks and warehouses at an
early date as possible in the outer
harbor at San Pedro are endorsed by
the Los Angeles Consolidation Com-
mittee in letters sent yesterday to the
consolidation committees of San Pedro
and Wilmington.

The desires of both harbor cities are
met in the communications sent out
and it is believed that the action of
the Los Angeles committee will set at
rest all doubts as to the sincerity of
the representatives of this city in their
attitude toward the inner and outer
harbors.

In the first place, the local Consoli-
dation Committee declares that the 144
acres owned and controlled by the city
of San Pedro is the most available
place to make the municipal improve-
ments in the construction of docks and
warehouses in the outer harbor, and
that this tract should be improved as
soon as practicable.

CONNECTION WITH HIGHWAY.

Also it is declared that suitable ap-
proaches should be built, to connect
such docks and warehouses with the
county highway system; furthermore
that, after consolidation, San Pedro
shall be made a terminal point for all
transcontinental railroads.

In the matter of the requests made
by the people of Wilmington, the Con-
solidation Committee puts itself on
record in favor of immediate improve-
ment of the inner harbor to meet the
demands of commerce, and the reason-
able requirements of the people of
Wilmington; also early improvement of
streets leading to the water front, and
cross streets to connect with the high-
way leading to Los Angeles.

Furthermore, it is declared that San
Pedro, after consolidation, should be
made a terminal point for all trans-
continental railroads.

LETTER TO SAN PEDRO.

The letter sent to the San Pedro
committee is as follows:
LOS ANGELES, May 14, 1909.—E.
D. Seward, Secretary Consolidation
Committee, San Pedro, Cal.: My Dear
Sir: The Consolidation Committee of
the city of Los Angeles met in called
session for the purpose of hearing and
considering the reports of the sub-
committees heretofore appointed to
confer with San Pedro and Wilming-
ton.

The following members were pres-
ent: James A. Anderson, F. W. Braun,
O. E. Farish, A. P. Fleming, F. J.
Hart, Homer Hamlin, Leslie K. Hewitt,
Stoddard Jess, H. Jevne, M. H. Newmark,
J. M. Schneider, Joseph Scott, Frank
Simpson, M. P. Snyder, William D.
Stephens, and by unanimous vote the
secretary was instructed to express to
you the appreciation of this committee
extended to the subcommittee and for
your manifest willingness to assist
it in arriving at some equitable
basis whereby it would be for the mu-
tual interests of Wilmington and Los
Angeles to unite under one government
for the purpose of developing San
Pedro inner or Wilmington harbor for
the use and benefit of all of the people.
James A. Anderson, chairman of the
subcommittee heretofore appointed to
confer with Wilmington, as a report of
their doings in the matter, offered the
following resolutions and moved their
adoption, which motion was duly sec-
onded, to wit:

Resolved, That we are in favor
of the immediate improvement of the
inner or Wilmington harbor to meet
the demands of commerce and the rea-
sonable requirements of the people of
Wilmington, and the immediate im-
provement of streets leading to the wa-
ter front and cross streets so as to
connect with the highway leading to
Los Angeles in a substantial manner.

Resolved, That Wilmington, when it
shall become a part of the city of Los
Angeles, shall be made a terminal point
for all transcontinental railroads, and
that it shall have and enjoy all of the
rights and benefits by reason thereof,
including as nearly as possible the same
railroad rates as Wilmington as ob-
tained out of Los Angeles on State
business, taking the question of mile-
age into consideration.

After hearing the resolutions read
by the chairman of the subcommittee,
a full and free discussion of the situa-
tion at Wilmington was had and this
committee, after due and careful de-
liberation, by unanimous vote, adopted
the resolutions.

There are a great many other mat-
ters in connection with this that must
be arranged for in the future, but the
committee thought it best at this time
to notify you of the impression its
subcommittee gained on a visit to
your city. Very truly yours,
A. F. FLEMING,
Secretary.

After hearing the resolutions read
by the chairman of the subcommittee,
a full and free discussion of the situa-
tion at Wilmington was had and this
committee, after due and careful de-
liberation, by unanimous vote, adopted
the resolutions.

There are a great many other mat-
ters in connection with this that must
be arranged for in the future, but the
committee thought it best at this time
to notify you of the impression its
subcommittee gained on a visit to
your city. Very truly yours,
A. F. FLEMING,
Secretary.

JOBBER'S INDORSED.

SAN PEDRO NOW SATISFIED.

The Executive Committee of the Chamber
of Commerce in secret session last night
approved and adopted strong resolu-
tions expressing confidence in the As-
sociated Jobbers of Los Angeles, and
removed doubt concerning the attitude
of the jobbers toward securing ter-
minal freight rates for San Pedro after
consolidation of the two cities, to-
gether with the belief that other im-
portant matters will be adjusted sat-
isfactorily to both cities.

That these resolutions were adopted
in the face of determined opposition on
the part of at least one member of the
Executive Committee is very evident
from statements made by members
this morning. Both the session of the
Harbor Committee, which made the re-
port through its chairman, and that
of the Executive Committee, which
adopted the report, were secret. The
Harbor Committee met yesterday
morning. The report of this commit-
tee was adopted last night after a
three hours' session of the Executive
Committee.

At the conclusion of this session
President S. M. Storer, who admits
that he was opposed to the adoption
of the report of the Harbor Com-
mittee, declined to make the report pub-
lic on the ground that such action
would be "a reflection on the Jobbers'
Association." This morning, however,
the report was made public by Secre-
tary E. L. Blumhagen, together with a
letter from the Jobbers' Association
and one from Blanchard certifying to
the approval and adoption of the re-
port by the Executive Committee.

The letter from the Jobbers' Asso-
ciation was received following a sec-
ond conference with the jobbers on
Tuesday and is a codicil to the com-
munication of May 4, pledging the job-
bers to aid in securing terminal rates
after consolidation. The codicil states
that "this association, after consoli-
dation between San Pedro and Los An-
geles, has been effecting immediately
use its best efforts to obtain for San
Pedro as nearly as possible the same
rates out of San Pedro as obtain out
of Los Angeles on State business, tak-
ing the question of mileage into con-
sideration." The letter is signed by
M. H. Newmark, president.

The report of the Harbor Committee
as adopted by the Executive Com-
mittee reads:

SAN PEDRO (Cal.) May 13, 1909.—
To the San Pedro Chamber of Com-
merce, Gentlemen: Your Harbor Com-
mittee begs leave to report as follows:

The report of the Harbor Committee
of the Associated Jobbers of the city of
Los Angeles as embodied in the resolu-
tions passed May 4, and May 11, 1909, by that
body, regarding terminal rates for San
Pedro.

This committee has always consid-
ered the matter of terminal rates the
most vital subject affecting the growth
and development of San Pedro as a
commercial port.

Your committee has always had
grave doubts, based particularly upon
the past attitude of the Associated
Jobbers of Los Angeles concerning
the granting of terminal rates after
consolidation has been consummated.

However, we will frankly state that
the discussion of the Associated
Jobbers, held May 4, 1909, has, in a
great measure, helped to remove these
doubts.

There are many other important
matters that should be thoroughly dis-
cussed and understood before consoli-
dation is effected, which, we believe,
will be satisfactorily adjusted to both
cities.

F. S. WHITMAN, Chairman.

There is great satisfaction here to-
day over the action of the Chamber
of Commerce.

BIBLE LESSONS.

FOR SUNDAY-SCHOOL TEACHERS AND OTHER BIBLE STUDENTS.
Prepared for The Times by J. S. Kirtley.
SUNDAY, MAY 16.

Acts xiv, 1-28: "Paul's First Missionary Journey—Iconium and Lystra."

THE CONNECTION.

Driven out of Antioch in Phidias, the apostles went to another city, according to Christ's instructions. Iconium, about fifty miles away. There they were persecuted by Jews and Gentiles, and they stayed there and preached. But, when their enemies incited the rulers in a mob, and threatened their few converts, as well as the apostles, they fled into Lystra and Derbe in the province of Lyconia.

THE LESSON.

"Working a Noble Miracle." (Verses 2-9). "And at Lystra there sat a certain man, impotent in his feet, a cripple from his mother's womb, who had never walked. The same heard Paul speaking; who, fastening his eyes upon him, and seeing that he had faith to be made whole, said with a loud voice, stand upright on thy feet. And he leaped up and walked."

This miracle was not the only work they did at Lystra. They preached and it must have had its due effect. In this case we are told that the man became a disciple before he was healed, and he had a saving faith. To him who as a believer had followed and listened to the disciples, it was not necessary that Paul mention the name of Jesus as his real healer, for he knew that the apostle was the one who had extended his hand to him as in other cases to help his faith, for he did not need it. In some cases leading to faith; in this case faith led to healing.

II.

"Worshiped as God." (Verses 11-13). "And when the multitude saw what Paul had done, they lifted up their voices, saying in the speech of Lyconia, the gods are come down to us in the likeness of men. And they called Barnabas, Jupiter; and Paul, Mercury, because he was the chief speaker. And the priest of Jupiter, whose temple was before the city, brought oxen and garlands unto the statue, and would have done sacrifice with the multitude. But when the apostles, Barnabas and Paul, heard of it, they rent their garments, and sprang forth among the multitude, crying out and saying, Sirs, why do ye do these things? We also are men of like passions with you, bringing you good tidings, that ye should turn from these vain things unto a living God, who made the heaven and the earth, the sea, and all that in them is; who in the generations gone by suffered all the nations to walk in their own ways. And yet he left himself without witness, in that He did good and gave you from heaven rains and fruitful seasons, filling your hearts with food and gladness. And with these sayings scarce restrained they the multitude from doing sacrifice unto them."

The healing of the cripple excited the common people, and their explanation of it was logical and artless. Granted their conception of the gods to be correct, there was no other explanation than that the gods had come to see them. The thought and expectation of God as gods coming in some human form was widespread and that expectation is fully met in Christ. The Jews attributed the miracles to Beelzebub, thereby putting their every word construction on them; these Lycaonians put the best construction their theology would permit upon the deed; the gods are in our midst. The Lycaonians were the ones, not the Romans, as shown in their own words. The Jews, now almost supplanted by Greek, and in their unpopularity of lifting up their voices, and their remembrance of the tradition of Jupiter and Mercury coming down to see their progenitor, Lycaon, and also the humble pair, Barnabas and Paul. The Jews' interest in them for the temple they had erected to him. They were formerly a nation of robbers, but now they were not more than half robbers; it was not surprising that the gods should visit them.

Their delight was simple and artless, and it is worthy of note that the people first looked through this deed and saw their deity, only god they knew, and that the priests took the lead in paying homage to them in order to hold on to their leadership. Their method of identifying the gods was natural and interesting. Mercury was Jupiter's messenger and spokesman. Paul must be Mercury for that reason. For that same reason Barnabas must be Jupiter and in addition thereto and dignified look about Barnabas, quite befitting Zeus, the father of all the other gods.

As soon as the people settled the question of who these two men were and their priests brought the usual sacrifice—oxen, with their offerings, garlands of green—to offer their heavenly visitors; the garlands not only in the customary manner, but in joyous profusion for such an exceptional occasion. Perhaps they also meant to decorate the objects of their worship. Where were the apostles? The while these arrangements were being made? In the house of a friend, perhaps, where they heard nothing of the excitement until they saw the hilarious crowds at the gate of the house in which they were stopping, and the priests in the act of slaying the garlanded oxen. Even that sight and all the sounds and signs of worship did not at first show them what the superstitious people were about; but they soon had full proof of the awful deed about to be done.

The Herodism of the Apostles. Sorrow, shame and indignation filled them at the sight of the awful idolatry. It offended their humble spirits to be exalted into the place God had allotted; it stirred their pity that men should so degrade themselves. They shored it in the habitual fashion by rending their garments. We can see them rushing out to the crowd in a horror at the impious idolatry, which they had inherited through many generations and with only one purpose—namely, to put a stop to it. They had never had such an experience before. Opposition and dangers could not agitate them, but this sort of popularity was terrible.

Paul was in this the spokesman of the two, and his address consists of arguments why they should not do it, and why they should probably be God, reminding us very much of his speech to the Athenians in some respects, though very different in other respects, but like all of his other addresses in that it was exactly suited to accomplish his purpose with that crowd.

His reasoning with them embraces two propositions, namely, that he and Barnabas are men with the same nature as themselves and therefore not to have homage due to gods, and that they are there with a message from God, that they must stop all this useless and degrading worship of many gods and worship Him alone. Just the moment they were looking for gods in human flesh the true God sends a message to them. The God whom these two men proclaimed was the Creator of all things, and at the same time had been the ruler, having permitted the generations of the past to work out their history according to their own will, in a measure at least. This flaunting of Jupiter, who was supposed to give rain, and of Mercury, who gave

manity, but a sublime reality.—(Lyman Abbott.)

PERTINENT QUESTIONS.

1. Does everyone have an inborn desire to see God?
2. Does Christ fully answer to the desire to know God?
3. Does God ever lift the world for one moment without a witness to Himself?
4. Is it possible to kill a good cause?
5. Is it ever right to act with a view to personal comfort?

Christian Endeavor.

AT THE CROSSROADS OF TIME.

These Comments Upon the Christian Endeavor Topic for May 16: "The Cross"—(John xiv, 12-27; Luke, xiii, 28-35.)

By William T. Ellis.

The highways of the centuries cross in a small knoll outside the walls of the capital of a minor Roman province. Jerusalem was the sacred city of a comparatively small nation; but because it was the scene of the execution as a criminal of one whom his contemporaries regarded variously as a prophet, a saint, a savior, a teacher of a new way of life and a healer of men's infirmities, or the long-expected one sent from God, Jerusalem has been regarded with peculiar reverence by a large portion of the earth's inhabitants. It is a sort of spiritual canal of the world. All because upon its soil was erected the cross whereon hung the Man of Sorrows, the Redeemer of mankind.

It is a cross that has changed the current of history. There is a new chronology was created. There is a new faith, destined to conquer the world, had its birth.

The cross, once a symbol of shame, as in the gallows today, has become a badge of beauty, a mark of honor, a symbol of hope, all because the Son of God once hung thereon.

In Bunyan's allegory the Pilgrim took the pack from his back, the load that had burdened and distressed him, as soon as he came in sight of the cross. The dramatic episode especially impresses youthful readers of the story. It is at the cross that the weight of sin falls and ceases to trouble. Freedom from guilt of sin and emancipation from its weight may be obtained even by the lowliest of men.

On a hill on the oceanward side of San Francisco stands a great cross, visible to all who sail for or from the city. It is said to be a mark for the little fishing boats. The cross crowning this sandy hill seems singularly impressive. It is a significant landmark. It spells safety and home. Its arms beckon to rest. In it, the spiritually-minded may read the great truths of service, sacrifice and salvation.

When Bunyan's Pilgrim came to the cross and felt his weary pack no longer on his shoulders, he was deeply affected. Then he stood awhile, looking and wondering; for it was very surprising to him that the sight of the cross should thus ease his burden. He looked, therefore, and looked again, at the cross, and saw in it a head bent the waters down his cheeks. So it has ever been. The cross of Christ is the cross that has made him mightier than all philosophy to overcome the world.

The cross is full of meaning. The first of these is atonement, which is at-one-ment of God and man. There the Father and the children of men reconciliation. They who were formerly alienated came together. The sin that separated has been borne away by the Crucified. There is now a straight path to the heart of God for every wandering child who would come back. The cross is more than the meeting place of history; it is the meeting place of a just Jehovah and a sinful humanity.

The highest point in the world is not some mountain peak, but the crest of Calvary, for there earth comes nearest to heaven.

Life's heaviest burdens are not those which are upon us from without, but those that are within us. Pilgrim's pack represented the heavy heart. It is the weary journey, the weary spirit to which Christ gives liberty. "Come unto me all ye that labor and are heavy laden, and I will give you rest," cried He. There is peace of heart only at the cross.

A new symbolism has been given to the world by the crucifixion. The cross is the emblem of mercy, borne above the fields of battle carnage. It is the favorite ornament of rich and poor. It crowns the church spire, as an uplifted sign of spiritualities, as an and of divine forgiveness. Power, riches and organizations are proud to display it as their banner, labeled in how significant. Now this was not always so. Paul was using no vague phrase when he spoke of the offense of the cross. For in his day, as in Christ's, the cross was as offensive as the gallows is today. It stood for shame and the most ignominious death. By disciples it was scorned. The cross was a sign of a Roman citizen could not be put to death in this degraded fashion. The extremity of the humiliation of Jesus may be more clearly understood in the light of this fact.

A British diplomat in China, a Unitarian, nearly a hundred years ago, wrote a poem expressing his own deepest sentiments. He had no knowledge that the poem was being used as a hymn until, ten years later, he heard it sung by a company of American missionaries in Peking.

There is a green hill far away, Without a city wall,
Where the dear Lord was crucified,
Who died to save us all.
We may not know, we cannot tell
Where the dear Lord was laid;
But we believe it was for us
He hung and suffered there.

He died that we might be forgiven,
He died to make us good,
That we might go at last to heaven
Saved by His precious blood.
There was no other good enough
To pay the price of sin;
He only could unlock the gate
Of heaven and let us in.

Oh, dearly, dear, He loved,
And we must love Him, too,
And trust in His redeeming blood,
And try His works to do.
For there's a green hill far away,
Without a city wall,
Where the dear Lord was crucified,
Who died to save us all.

—[Francis Pott.]

All who glory in the cross of salvation should glorify the cross by service. The sacrifice of the cross is linked to self-surrender. Jesus voiced the two ideals when He explained His mission to His disciples by saying, "The Son of man is come not to be ministered unto, but to minister, and give His life a ransom for many."
